TA! TA! TANNER!

The Corporal Concludes to Resign as Commissioner of Pensions --Major Wm. Warner Will Succeed Him.

WASHINGTON, Sept. 12.—Secretary Noble was called to the executive mansion this morning shortly after 9 o'clock. He took a number of papers with him. At the executive mansion he found the president with Secretary Tracy and Attorney General Miller. They went into conference, and at 11 o'clock they were still closeted together.

The subject under discussion is the Tanner matter. The president has given Commissioner Tanner permission to resume control of the pension office, pending the appointment of his successor and the formal acceptance of his resignation.

He is at his desk in the pension office this morning. The matter under discussion at the executive mansion is the disposition to be made of Commissioner Tanner and the appointment of his successor.

Major William Warner, of Kansas City, has been sent for. He will arrive in Washington to-morrow, when the position of commissioner will be tendered to him.

Major Warner was a member of the house of representatives for two terms, and afterwards was commander-in-chief of the Grand Army of the Republic. He is very popular among the veterans, and ever since the talk of Tanner's removal began he has been mentioned as among the possibilities for the succession.

At 11:15 Secretary Tracy and Attorney General Miller left the conference. Secretary Tracy said to a United Press reporter: "Commissioner Tanner has resigned. He is not seeking any other place."

TANNER'S RESIGNATION.

The president at 1 o'clock this afternoon made public the following correspondence:

DEPARTMENT OF THE INTERIOR,
OFFICE OF PENSION COMMISSIONER,
WASHINGTON, D. C., Sept. 12, '89.

To the President:

The differences which exist between the secretary of the interior and myself as to the policy to be pursued in the administration of the pension bureau, have reached a stage which threatens to embarass you to an extent which I feel I should not call upon you to suffer, and as the investigation into the affairs of the bureau has been completed, and I am assured, both by yourself and by the secretary of the interior, contains no reflection on my integrity as an individual, or as an officer, I herewith place my resignation in your hands to take effect at your pleasure, to the end that you may be relieved of any further embarrassment in the matter.

Very respectfully yours,
JAMES TANNER,
Commissioner.

HARRISON ACCEPTS IT.

EXECUTIVE MANSION,
WASHINGTON, D. C., Sept. 12, '89.

Hon. James Tanner, Commissioner of Pensions:

DEAR SIR: Your letter, tendering your resignation of the office of commissioner of pensions, has been received and your resignation is accepted, to take effect on the appointment and qualification of your successor. I no not think it necessary in this correspondence, to discuss the causes which have led to the present attitude of affairs in the pension office. You have been kindly and fully advised to my views upon most of those matters.

It gives me pleasure to add, that so far as I am advised, your honesty has not at any time been called in question; and I beg to renew the expression of my personal good will.

Very truly yours,
BENJ. HARRISON.

TANNER'S LUCK.

One of the theories about the disposal of Commissioner Tanner is that he will be made recorder of deeds of the District of Columbia. The office pays $8,000 to $10,000 a year in fees. It was held by Fred Douglass under Arthur and a colored man named Trotter now holds it.

OFFICES GIVEN OUT.

The president to-day made the following appointments: Richard C. Kerr, of Mississippi, to be register of the land office at Jackson, Miss. Joseph W. McClurg, of Missouri, to be register of the land office at Springfield, Mo. Scott Swetland, of Washington territory, to be receiver of public moneys at Vancouver, W. T. Walter L. Stobles, of Washington territory, to be agent for the Indians of Yakima agency in Washington territory. Warren D. Robbins, of Idaho, to be agent for the Indians of the Nez Percis agency, in Idaho.

HUGH HOLDS HARD.

Postmaster Stewart Says There is a Futile Effort to Oust Him.

Hugh Stewart is still postmaster, notwithstanding the efforts of kicking republicans to oust him.

He came to the city to-day and was interviewed by THE SENTINEL reporter.

"What truth is there in the statement about your resignation?" was asked of the postmaster.

"I will resign when I get ready and not before," was the ready response. "The headstrong Republicans can declare me out all they want to, but I hold my commission and am still on deck."

"But are you not offered a position at Washington?"

"No, not yet; I may get something by the middle of November, and then I will resign my place with a good will. Until then I am postmaster at Monroeville."

A RUNAWAY ACCIDENT.

Farmer Smedly and Two Daughters Thrown From a Wagon and Badly Injured.

To-day a team driven by a farmer named Smedley, living at Middletown, became frightened on Harrison street, and ran away at a terrific speed down the thoroughfare.

Mr. Smedley and his two daughters occupied the wagon. The vehicle struck a tree and the entire party were hurled with great force to the ground.

Mr. Smedley sustained fractured ribs and the daughters were rendered almost helpless by the shock and various contusions.

A BOLD CRIME.

Captain Daniel Logan Murdered at San Francisco--The Assassin Escapes.

SAN FRANCISCO, Cal., Sept. 12.—Detectives are scouring the city for the murderer of Captain Daniel Logan, for many years a dock captain for the Pacific Coast Steamship company.

A stranger came to a saloon about 10 o'clock, Tuesday night, where Logan was drinking with a friend. He could not see Logan and his companion because they were behind a compartment, and, evidently thinking the coast clear, he drew a pistol and ordered the old French proprietor into the back room. Logan immediately came to the saloonkeeper's aid, and a desperate struggle followed.

Two shots were fired at Logan, but missed, while a third struck Logan in the heart and he dropped dead. The assassin was joined by a confederate and both escaped. This is the boldest crime committed here in years, as the vicinity was swarmed with people and escape was almost miraculous.

The Weather.

WASHINGTON, Sept. 12.—Indiana—Fair weather; stationary temperature; northeasterly winds.

LOCAL LINES.

Fort Wayne commandery will confer the order of the Temple to-night.

Dr. C. B. Stemen to-day removed a cancerous breast from Mrs. Smith, living in Bloomingdale.

General Freight Agent Grant, of the Nickel Plate, is attending the meeting of the freight agents.

Division Freight Agent Woods, of Chicago, is in the city attending the meeting of freight agents.

Mr. Fred Lawrence, press agent for the Forepaugh and Wild West shows, arrived in the city last evening.

Wm. Hawkins and Sarah Amanda Brown; Samuel Counterman and Josie Hasidel, have been licensed to wed.

Acting General Freight Agent Leavenworth, of Grand Rapids, Mich., is in the city attending the meeting of freight agents.

The Fort Wayne Freight committee, consisting of the representatives of the freight departments of those roads handling freight in or through Fort Wayne, are holding a meeting, for the adjustment of freight rates, in the rooms of the R. R. Y. M. C. A. to-day.

The work of clearing up the Nickel Plate wreck at Millers City, Ohio, continues. The loss by damage to freight cars and loss to freight, it is thought, will amount to several thousand dollars. Engineer A. J. You, of this city, was the only one injured and he was only bruised.

Judge O'Rourke has settled these cases: Fort Wayne Water Power company vs. Charles Davis, for appropriation of land, L. A. Centlivre, Wm. T. Abbott and John Moritz appointed appraisers. John J. Brink vs. Charles Hoffman et. al., note and attachment, judgment $359.80.

STORM ECHOES!

The Sojourners at Atlantic City are Safe--Marine Disasters and Damage in the East.

PHILADELPHIA, Sept. 12.—The Camden and Atlantic road started a train from Atlantic City at 9 o'clock this morning. It crossed the submerged meadows safely and arrived here at noon. The passengers say that the newspaper accounts of danger at Atlantic City are exaggerated.

There is not, they say, nor has not been, any danger to the lives of those sojourning there. They are as safe as as they were in Philadelphia. Provisions have been plenty up to this morning. Fresh supplies are expected over the Camden and Atlantic railroad to-day.

LONG BRANCH, Sept. 12.—At Asbury Park the loss was not so severe as it was farther north, but the story of wrecked walks, pavilions and bathing houses comes from all parts of the coast below Ocean Grove as far as Seaside Park, in the narrow line of sand that lies between the ocean and Bargetts Bay. A number of dead bodies have been seen floating in the surf. This indicates severe marine disasters.

NEW YORK, Sept. 12.—It is rumored along the East River front this morning that a large sound steam boat has been thrown upon the rocks and partially wrecked near Fort Schuyler, in the sound. Inquires amoung the steam boat men this morning failed to elicit any positive proof that the rumor is true. If true the steamer is either the Continental or one of the New London boats.

NEW YORK, Sept. 12.—There is but little change in the wind and weather since yesterday. The sea has become a little smoother, but at 10 o'clock this morning the gale seemed to be gaining additional strength and under its influence another high tide is expected to-night.

SALISBURY, Md., Sept. 12.—Reports are just coming in from Wicomico county. They show a great deal of damage. The fruit crop is ruined. All the apples and pears have been blown off the trees, and in many cases the orchards are torn up.

THE LONDON STRIKE.

Cardinal Manning Laboring to Effect a Settlement Between Strikers and Dock Directors.

LONDON, Sept. 12.—The conference between Cardinal Manning and the dock directors, which was announced for yesterday, was held to-day. The directors informed the cardinal that they were unwilling to agree to the compromise proposed by him; that the terms which the dock companies have already conceded go into effect on November 1 instead of January 1, provided the strikers resume work immediately.

The cardinal was successful, however, in persuading the directors to again consider the proposal and to postpone their decision for the present.

After his conference with the directors of the dock companies, Cardinal Manning informed Messrs. Burns and Tillett that although the directors adhered to their point putting the increase of wages into operation on January 1, they were still open to negotiations looking to a compromise.

Cardinal Manning said he was authorized to say to the strikers that if they had any other terms to suggest it was necessary for them to first agree among themselves.

The directors had nothing from the men at present which they considered sufficient to warrant their determination and were firm in their resolve to make no overtures to them. If the leaders would formulate finale proposals they would be presented through Cardinal Manning and the directors would consider them.

Congressman Cox's Funeral.

NEW YORK, Sept. 12—The funeral of S. S. Cox will take place to-morrow morning at the Presbyterian church, Tenth street and University Place.

The following gentlemen have been selected as pall bearers, but several changes in the list may prove necessary: Gen. Sherman, Vice-President Morton, J. T. Agnew, Senator Dawes, Supt. Kimball, Gen. F. A. Walker, Ex-Attorney General Garland, Ex-Gov. Hoadley, Chas. A. Dana and Cockerhill.

Assassinated.

STRAFFORD, Mo., Sept. 12.—Early yesterday morning Mrs. Andy Savage, whose husband was away from home, was called to the door by some unknown man and shot and instantly killed. A neighbor named Davis was arrested for the crime and jailed. He protested his innocence.

CUPID'S CAPERS.

Marriage of Miss Cora Smith and Mr. Wm. Lerch this Evening.

This evening at 7 o'clock at the residence of the bride's parents, Mr. and Mrs. Manning Smith, on East Wayne street, will occur the marriage of Miss Cora Smith, an accomplished young lady to Mr. William M. Lerch, a popular machinist at the Bass works.

The ceremony will be performed by Rev. S. A. Northrop, of the Baptist church, in the presence of a few immediate friends and relatives. The young people will reside in a pleasant home on Harmer street, which is already prepared and furnished for their occupancy. THE SENTINEL extends its congratulations in advance.

FOWLER IS FUNNY.

But Not Funny Enough to Fool Fort Wayne and Her Enterprising Dealers.

Not many days ago a man named E. M. Fowler arrived in the city and registered at the Wayne hotel. He professed to be traveling in the interest of a firm at Bloomington, Ill., who kept noted breeding and sales stables. Mr. Fowler said to a SENTINEL reporter a few days ago that he had procured some valuable Norman horses from Northern Indiana, which he would ship to his firm.

The horses failed to materialize and Fowler himself is conspicuous for his absence. A prominent business man, who had dealings with Fowler, has telegraphed to Chicago where he is stopping and the detectives are advised to cause his arrest and fetch him back to the Summit City, where he will be given a dose of justice from a Hoosier standpoint.

THE FIRST STEP.

The County Commissioners Locate the Site for the Addition to the County Asylum To-day.

To-day the county commissioners were driven to the county asylum where Supt. John Wilkinson showed the board what a desperate condition matters had grown to, owing to the crowded condition of the insane wards.

As he stated in his petition to the commissioners, Mr. Wilkinson has crowded something over forty insane patients into a space set out for half that number.

Commissioner Brannan is in favor of a new building at once.

Commissioner Bullerman is in favor of taking time to advertise and cover other technical points and build in the spring.

Commissioner Hartman is on the fence and wants to consider. Mr. Hartman is chairman of the board.

The site for the new building, however, was selected and will be located north of the asylum, adjoining. It will be a brick structure 40x160 feet, two stories high, and will afford sufficient relief for the insane.

THE SALUTE.

An Auspicious Beginning of the Library Hall Fair To-night--A Street Parade.

To-night will be inaugurated the third annual Library hall fair.

Judging from the tireless energy of its promoters, the event ought to be a crowning success over the previous occasions of the kind held at the magnificent hall, as there are features introduced, not only of an unusual nature, but entirely original in the city.

The fair will be opened to-night amid music and gaiety. There will be a parade previous to the opening, which will be participated in by the various Catholic societies, of which Capt. J. H. Rohan will act as chief marshal, with Messrs. Jacob Baltes and Dennis Monahan as aids. THE SENTINEL published the full particulars of the order of procession and line of march yesterday. There have been no changes.

The City band will furnish the music each night, while the renowned Mandolin orchestra, of Chicago, will discourse upon the inside.

The City and First Regiment bands will be in the procession to-night, and will proceed with the societies to the city hall, where the mayor and common council will be met and escorted to the Library hall.

Senator Spooner Ill.

HUDSON, Wis., Sept. 12.—Senator John C. Spooner, who with his family, has been several weeks at his old home in this city, is quite ill of a low malarial fever. Since Friday of last week he has been confined to his bed and though he is now better and slowly mending, it is likely to be several weeks before he regains his usual health.

IN A DRENCHING RAIN!

The Heroes of Gettysburg Assemble on the Historic Battle Field to Celebrate the Greatest Victory of the War.

GETTYSBURG, Pa., Sept. 12.—To-day was the last of the Pennsylvania's days on this historic battle field, and a more wretched one could scarcely be conceived.

The rain poured down continuously from 10 o'clock. Thousands of people left town last night and this morning. The parade, in which 10,000 veterans, it was believed, would participate, only mustered about half the number. The rain at the hour of assembling was coming down in perfect torrents, and Colonel Bonnifen, the officer in command, ordered the parade off.

Exercises were held at the rink this afternoon. The building will only accommodate 1,500, and a crush was the result. Colonel George G. Meade, the son of Major General Meade, presided at the dedicatory exercises, and the Rev. John R. Paxton offered the opening prayer.

The speakers included Gen. J. P. S. Gavin, of the Monument commission; Gen. James A. Beaver, Isaac R. Pennypacker, Capt. James G. Rosengarten, Brig. Gen. Henry H. Bingham and the Hon. Edward McPherson.

Many of the veteran associations who yesterday postponed the monument dedications to this morning were compelled to endure a worse state of affairs to-day as the ceremonies were performed under a drenching rain.

SHE WILL REFORM.

Young Debra Bowers Will Go to the the Reform School for Committing a Theft.

To-day Debra Bowers was bound over to the circuit court in the sum of $200 by 'Squire France, for the theft of a dress from the residence of Mr. and Mrs. A. H. Huston, on West Washington street.

Prosecutor Robinson at once filed information and the case was taken before Judge O'Rourke, who will sentence the girl to the female reformatory until her behavior will warrant her dismissal.

The girl was a domestic for Mr. and Mrs. Huston. She is a vicious case. Her parents are divorced and her mother married Isaac Nesbit, of this city.

Debra says she will reform.

CANTON, Ill., Sept. 12.—T. P. Gilwicks, grand keeper of records and seals of the Grand Lodge of Knights of Pythias, of Missouri, and Paul Pittman, deputy circuit clerk of Mason county, Ills., were drowned at the Copperas Creek lock on the Illinois river, ten miles southeast of this city, Tuesday evening. They were fishing and their boat upset.

Uprooted Trees.

VICTORIA, B. C., Sept. 12.—A whirlpool at Lulu Island, B. C., Tuesday, devasted the whole country through which it passed, uprooting gigantic trees and leaving the thickly wooded surface as bare as a board. As far as can be ascertained at present, no lives were lost, though several homesteads were taken down with terrible fury four and five miles away.

THE COMMON COUNCIL.

City Attorney Colerick's Opinion as to the Validity of Mr. Bruns' Seat—Contracts and Bonds, Etc.

REPORT OF CITY ATTORNEY.

I respectfully report:

1. In answer to the question submitted to me by resolution introduced by Councilman Haiber as to what particular officer or officers are chargeable with the duty of enforcing the city law regulating the width of wagon tires used upon the public streets, I report that the city marshal, chief of police and patrolmen are employed simply to see that the state and city laws are enforced. No other duties are placed upon them and I, therefore, believe it is the duty of the chief of police and city marshal to see that said law is enforced. It is the duty of all city officers cognizant of the violation of city ordinances to report the violators for prosecution. The marshal and day police being on duty during daylight have the best opportunities to enforce the above law and should do so.

2. William Fleming and others have brought suit to eventually enjoin any assessment being made against their property by reason of the improvement of West Wayne street with asphalt pavement. The suit at present does not seek to stop the work, which is progressing rapidly, I simply report the bringing of the action to the council so it may be advised of the fact.

3. I have examined with great care and report with some hesitation my opinion on the questions embraced in the resolution introduced by Councilman Haiber relating to the legal status of the Tenth ward, and as to whether Bruns is a legal member of the common council and if not as to what effect his participation in city legislation has upon the legality of such legislation. My opinion is (first) the Tenth ward was legally created and constitutes a ward of the city. True, the statute provides directly for the creation of new wards from added territory or consolidated wards, upon petition being filed asking that same be submitted, then the duty of the council is mandatory and ministerial, it has no voice in the question, but must proceed and call election and submit the question. I contend that there is an inherent and further power conferred upon the city by the general welfare clause of the statutes. The right of elective franchise and the right of representation are fundamental or constitutional rights which can not be abridged or denied by a statute or for the want of a statute. It would be a denial of these rights to say that the wishes and demands of government made by fourteen hundred legal voters of the Seventh ward should be denied and defeated by the wishes or denials of the six hundred voters of the First ward. The attorneys who claim that the law does not favor the making of new wards for the fear that too many may be made are answered by the charter which declares that no ward shall contain less than three hundred and fifty voters. Because a right is not given by statute directly and precisely in so many words to a municipal government, it does not follow that the right is withheld or denied. The city within the exercise of its right and duties is as much a sovereign as the state itself, and one of its highest duties is to give equality to its citizens in their political rights in the due administration of its government; and therefore I believe the city possesses the inherent right to so divide and create wards as will best subserve good government and give to its citizens equality of representation in its councils. (2.) Is Bruns a de jure or legally elected and qualified member of the common council. This question I answer with regret but without any doubt he is not a legal member of this council. He was voted for and declared duly elected as councilman from the Seventh ward by the board of canvassers on the 3rd day of May, 1889, and this very same board of canvassers on the very same day and in the same report declared that at the same election the proposition submitted to the people as to the creation of the Tenth ward had carried and the record of this report was the last step in the law making the ward, therefore when Mr. Bruns was declared elected he was and ever since has been a non-resident of the ward he was elected to represent and the statute of Indiana requires that a person to be qualified as councilman shall be a resident of the ward at the time of his election, and if he ceases to be a resident of the ward his office may be declared vacant.

3. Is Mr. Bruns up to this time a de facto councilman? This question I answer affirmatively. "An officer de facto is one whose acts, though not those of a lawful officer, the law upon principles of policy and justice will hold as valid so far as they involve the interest of the public or third parties." When the duties were exercised without a known appointment or election, but under such circumstances of reputation or acquiescence as were calculated to induce people without inquiry to submit to or invoke his action, supposing him to be the officer he assumed to be. The above quotation is from the leading American case defining a de facto officer, a case that is cited approvingly by Judge, the great writer on municipal law.

In conclusion, what is the remedy? Mr. Bruns can withdraw. This council can declare the seat vacant or the courts can oust him, or if no person or body moves or objects he may continue, as he is a de facto officer. All his votes heretofore made and recorded are as binding and legal as to their effect as though he were a de jure councilman, clothed with every technical requirements of the law.

HENRY COLERICK,
City Attorney.

REPORT OF COMMITTEES ON FINANCE AND WATER WORKS.

We, your committees on finance and water works, respectfully report that we have examined the books, accounts and monies of the city transferred to his successor by the late treasurer, Mr. Henry C. Berghoff, and find them admirably kept and correctly accounted for. Your committee cannot close this report without bearing witness to the matchless ability, profound sense of public duty and uniform fairness and courtesy that has characterized Mr. Berghoff's official career. He has been a model public servant, one of whom the city and its citizens could justly boast, for he combined the elements and characteristics that pleased all classes and left behind him a record such as all men at all times can aim to equal with a consciousness that he pretty nearly realized the acme of official perfection.

BRUSSELS, Sept. 11.—The *Movement Geographique* says that Stanley is marching to the coast with Mombassa as his objective point. From information just received from an absolutely trust-worthy source it learns that Stanley, after fighting his way through and conquering Unijora and Uganda, established the authority of the British East Africa company from the upper Nile to the east coast. It is extremely doubtful that Emin is with Stanley, all information tending to show that he remained behind.

COMING EVENTS

Cast Their Shadows Before—Nellie McHenry—Other Attractions.

Miss Nellie McHenry is the attraction announced to appear at the Temple Saturday evening in "Green Room Fun," and the Fort Wayne play goers will gladly welcome her again with a crowded house.

The following is a brief idea of the plot. A party of society young people feel called upon to give an amateur dramatic performance for the benefit of the Little Cannibals. The mishaps which naturally occur during their endeavors to produce a roaring melodrama entitled "The Eagle of the Craig," serve as a basis for the fun which is obtained—they being instructed by a competent stage manager and a supposed popular tragedian. The first two acts are taken with divers plans for the performance with "glimpses behind the scenes," etc. The third act pictures the night's performance, giving views of the amateur stage as well as the green room of the theatre, disclosing the frantic efforts of the stage manager to bring order out of amateur chaos. The whole is a telling and ludicrous burlesque of amateur theatricals, full of new and effective situations. No amateur should miss it.

WAGNER'S FAMOUS MINSTRELS.

Few names in the annals of minstrelsy are more familiar than Happy Cal Wagner's. This season he has organized a company far ahead of his former efforts in every respect. While he occupies the position at one end, the famous Billy Birch occupies the other, with the great Cool Burgess in the center. About a score of almost equally distinguished artists, a car load of spectacular scenery and all garnished with an excellent orchestra and band makes the troupe the strongest drawing combination on the road. The company will appear at the Temple Monday evening.

W. J. SCANLON.

The first important dramatic event of the season at Masonic Hall, will be the appearance of the favorite Irish comedian, W. J. Scanlan, on Tuesday evening, Sept. 17, appearing in his new four act Irish comedy drama, "Myles Aroon." Mr. Scanlan arrived from Europe a fortnight ago, where he closed in Dublin one of the most notable engagements every played by an American artist, receiving the favorable endorsement of both press and public in England, Ireland and Scotland. Mr. Scanlan's songs need hardly be spoken of, they are full of spirit and pathos and are rendered in a way that takes the young actor straight to the sympathy of the witness. The following songs composed by Mr. Scanlan will be song in "Myles Aroon," "You and I Love," "My Muggie," "Live My Love; Oh Live," and his famous "Swing" song.

All the machinists of the United States are to form a National union for the mutual protection of its members against the employers. The movement has been originated in New York City, and Mr. F. The action taken by the Monon, Pennsylvania and the Big Four at their meeting in Cincinnati, on Monday, as regards one thousand mile tickets, is an excellent stepping stone toward making two cents a mile the rate between all points. The terms of the settlement between the Pennsylvania company and the Monon were: First, that the sale of 1,000-mile tickets at 2 cents per mile should be at once discontinued, and a new 1,000-mile ticket, at 2½ cents per mile, be issued in its stead, this latter ticket to be good for the bearer, and transferable. The Pennsylvania would not settle on any other conditions, although the Monon thought the discontinuance of the present mileage ticket would be a great inconvenience to commercial travelers; still, it was conceded by all that the present mileage book is susceptible of scalping, and in consequence a demoralizer.

He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

IT is rumored that Chauncey M. Depew has invited Gladstone to visit this country and to make a trip to Alaska, and that there is some prospect of his acceptance.

What Druggists Say.

Office of BASSETT & L'HOMMEDIEU, Wholesale and Retail Druggists.

J. M. LOOSE RED CLOVER CO.—Gentlemen: Yours of the 26th inst. received. In reply would say that your Loose's Extract Red Clover Blossoms is meeting with a large and rapidly increasing sale with us and that it gives excellent satisfaction. We think it will take the lead for the cure of blood diseases, especially those of a cancerous nature. Yours truly,

BASSETT & L'HOMMEDIEU.

THE chasuble worn by Thomas Ewing Sherman in celebrating his first mass was made of the wedding-dress of his sister.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

THE Rev. Dr. Edward Everett Hale says that when he was a college student he and his chum took the first daguerreotype picture ever made in Boston.

A "Put and Call."

This is a funny phrase to the uninitiated, but all the brokers understand it. They use it when a person gives a certain per cent. for the option of buying or selling stock on a fixed day, at a price stated on the day the option is given. It is often a serious operation to the dealer, but there is a more serious "put and call" than this: when you are "put" to bed with a severe cold and your friends "call" a physician. Avoid all this by keeping in the house Dr. Pierce's Golden Medical Discovery. The great cure for pulmonary and blood diseases. Its action is marvelous. It cures the worst cough, whether acute, lingering, or chronic. For weak lungs, spitting of blood, short breath, consumption, night sweats, and kindred affections, it surpasses all other medicines.

The report of the Indiana weather service shows that during last week every section of the state was visited by good rains. In August the lack of moisture had endangered the corn and other crops, but the reports of observers from counties north, south, east and west indicate that the rains came in time to remove the danger and assure big yields. The ground is softened so that plowing for wheat goes on briskly and pleasantly, and as a consequence the wheat sowing will probably be done early, thus taking the first step toward a good wheat yield next season.

NO TRUTH IN IT.

The Published Statement of the Elopement of Miss Grace Moore, of Youngstown, Denied.

The following special to the Cleveland *Leader*, dated Youngstown, Ohio, September 10, concerning the young lady, Grace Moore, who was arrested in this city last summer, at the Diamond hotel, with a traveling photographer named Wm. Nicholas, and whose escapades were recounted in THE SENTINEL at the time, will interest our readers:

"The special sent out from Fort Wayne last night regarding Miss Grace Moore, is denounced by her relatives as false, and calculated to do her an injustice. Since Miss Moore came back here with her father three months ago, from Fort Wayne, she has been living quietly at home. Recently she secured an offer of employment in Chicago and left last Friday to accept it. A letter was received from her this morning postmarked Chicago, announcing her safe arrival there, and stating that she had entered upon her duties. Miss Moore left with the consent of her parents, and said that it was her intention to lead a blameless life, and by no act of hers to cause further trouble to her parents. Mr. Moore, her father, has not been absent from the city for several weeks, and the published report that he had found her at Winchester, Ind., and compelled her to return home the second time, has not the slightest foundation."

A Hoagland Reception.

Thursday, September 5, a very pleasant reception was held at the residence of Mr. James English, near Hoagland. The occasion was in honor of Rev. J. W. English and bride, of Pittsburg, Pa., who were recently married, and are spending a few weeks with their friends and relatives in this vicinity. Rev. English is pastor of a large and flourishing congregation near Pittsburg, and the bride is an accomplished young lady.

'Squire English and his estimable wife are to be congratulated on seeing their family all happily settled during their lifetime. Just one year ago their daughter, Kate, who will be remembered as a successful teacher of the county, was married to M. S. Meriam, the popular young druggist of this place.

TA! TA! TANNER!

The Corporal Concludes to Resign as Commissioner of Pensions —Major Wm. Warner Will Succeed Him.

WASHINGTON, Sept. 12.—Secretary Noble was called to the executive mansion this morning shortly after 9 o'clock. He took a number of papers with him. At the executive mansion he found the president with Secretary Tracy and Attorney General Miller. They went into conference, and at 11 o'clock they were still closeted together.

The subject under discussion is the Tanner matter. The president has given Commissioner Tanner permission to resume control of the pension office, pending the appointment of his successor and the formal acceptance of his resignation.

He is at his desk in the pension office this morning. The matter under discussion at the executive mansion is the disposition to be made of Commissioner Tanner and the appointment of his successor.

Major William Warner, of Kansas City, has been sent for. He will arrive in Washington to-morrow, when the position of commissioner will be tendered to him.

Major Warner was a member of the house of representatives for two terms, and afterwards was commander-in-chief of the Grand Army of the Republic. He is very popular among the veterans, and ever since the talk of Tanner's removal began he has been mentioned as among the possibilities for the succession.

At 11:15 Secretary Tracy and Attorney General Miller left the conference. Secretary Tracy said to a United Press reporter: "Commissioner Tanner has resigned. He is not seeking any other place."

TANNER'S RESIGNATION.

The president at 1 o'clock this afternoon made public the following correspondence:

DEPARTMENT OF THE INTERIOR, OFFICE OF PENSION COMMISSIONER, WASHINGTON, D. C., Sept. 12, '89.

To the President:

The differences which exist between the secretary of the interior and myself as to the policy to be pursued in the administration of the pension bureau, have reached a stage which threatens to embarrass you to an extent which I feel I should not call upon you to suffer, and as the investigation into the affairs of the bureau has been completed, and I am assured, both by yourself and by the secretary of the interior, contains no reflection on my integrity as an individual, or as an officer, I herewith place my resignation in your hands to take effect at your pleasure, to the end that you may be relieved of any further embarrassment in the matter.

Very respectfully yours,
JAMES TANNER,
Commissioner.

HARRISON ACCEPTS IT.

EXECUTIVE MANSION, WASHINGTON, D. C., Sept. 12, '89.

Hon. James Tanner, Commissioner of Pensions:

DEAR SIR: Your letter, tendering your resignation of the office of commissioner of pensions, has been received and your resignation is accepted, to take effect on the appointment and qualification of your successor. I do not think it necessary in this correspondence, to discuss the causes which have led to the present attitude of affairs in the pension office. You have been kindly and fully advised to my views upon most of those matters.

It gives me pleasure to add, that so far as I am advised, your honesty has not at any time been called in question; and I beg to renew the expression of my personal good will.

Very truly yours,
BENJ. HARRISON.

TANNER'S LUCK.

One of the theories about the disposal of Commissioner Tanner is that he will be made recorder of deeds of the District of Columbia. The office pays $8,000 to $10,000 a year in fees. It was held by Fred Douglass under Arthur and a colored man named Trotter now holds it.

OFFICES GIVEN OUT.

The president to-day made the following appointments: Richard C. Kerr, of Mississippi, to be register of the land office at Jackson, Miss. Joseph W. McClurg, of Missouri, to be register of the land office at Springfield, Mo. Scott Swetland, of Washington territory, to be receiver of public moneys at Vancouver, W. T. Walter L. Stobles, of Washington territory, to be agent for the Indians of Yakima agency in Washington territory. Warren D. Robbins, of Idaho, to be agent for the Indians of the Nez Percis agency, in Idaho.

HUGH SOLOS HARD.

Postmaster Stewart Says There is a Futile Effort to Oust Him.

Hugh Stewart is still postmaster, notwithstanding the efforts of kicking republicans to oust him.

He came to the city to-day and was interviewed by THE SENTINEL reporter.

"What truth is there in the statement about your resignation?" was asked of the postmaster.

"I will resign when I get ready and not before," was the ready response. "The headstrong Republicans can declare me out all they want to, but I hold my commission and am still on deck."

"But are you not offered a position at Washington?"

"No, not yet; I may get something by the middle of November, and then I will resign my place with a good will. Until then I am postmaster at Monroeville."

A RUNAWAY ACCIDENT.

Farmer Smedley and Two Daughters Thrown From a Wagon and Badly Injured.

To-day a team driven by a farmer named Smedley, living at Middletown, became frightened on Harrison street, and ran away at a terrific speed down the thoroughfare.

Mr. Smedley and his two daughters occupied the wagon. The vehicle struck a tree and the entire party were hurled with great force to the ground.

Mr. Smedley sustained fractured ribs and the daughters were rendered almost helpless by the shock and various contusions.

A BOLD CRIME.

Captain Daniel Logan Murdered at San Francisco—The Assassin Escapes.

SAN FRANCISCO, Cal., Sept. 12.—Detectives are scouring the city for the murderer of Captain Daniel Logan, for many years a dock captain, for the Pacific Coast Steamship company.

A stranger came to a saloon about 10 o'clock, Tuesday night, where Logan was drinking with a friend. He could not see Logan and his companion because they were behind a compartment, and, evidently thinking the coast clear, he drew a pistol and ordered the old French proprietor into the back room. Logan immediately came to the saloonkeeper's aid, and a desperate struggle followed.

Two shots were fired at Logan, but missed, while a third struck Logan in the heart and he dropped dead. The assassin was joined by a confederate and both escaped. This is the boldest crime committed here in years, as the vicinity was swarmed with people and escape was almost miraculous.

The Weather.

WASHINGTON, Sept. 12.—Indiana—Fair weather; stationary temperature; northeasterly winds.

LOCAL LORE.

Fort Wayne commandery will confer the order of the Temple to-night.

Dr. C. B. Stemen to-day removed a cancerous breast from Mrs. Smith, living in Bloomingdale.

General Freight Agent Grant, of the Nickel Plate, is attending the meeting of the freight agents.

Division Freight Agent Woods, of Chicago, is in the city attending the meeting of freight agents.

Mr. Fred Lawrence, press agent for the Forepaugh and Wild West shows, arrived in the city last evening.

Wm. Hawkins and Sarah Amanda Brown; Samuel Counterman and Josie Hasidel, have been licensed to wed.

Acting General Freight Agent Leavenworth, of Grand Rapids, Mich., is in the city attending the meeting of freight agents.

The Fort Wayne Freight committee, consisting of the representatives of the freight departments of those roads handling freight in or through Fort Wayne, are holding a meeting, for the adjustment of freight rates, in the rooms of the R. R. Y. M. C. A. to-day.

The work of clearing up the Nickel Plate wreck at Millers City, Ohio, continues. The loss by damage to freight cars and loss to freight, it is thought, will amount to several thousand dollars. Engineer A. J. Yon, of this city, was the only one injured and he was only bruised.

Judge O'Rourke has settled these cases: Fort Wayne Water Power company vs. Charles Davis, for appropriation of land, L. A. Gentlivre, Wm. T. Abbott and John Moritz appointed appraisers. John J. Brink vs. Charles Hoffman et. al., note and attachment, judgment $359.80.

STORM ECHOES!

The Sojourners at Atlantic City are Safe—Marine Disasters and Damage in the East.

PHILADELPHIA, Sept. 12.—The Camden and Atlantic road started a train from Atlantic City at 9 o'clock this morning. It crossed the submerged meadows safely and arrived here at noon. The passengers say that the newspaper accounts of danger at Atlantic City are exaggerated.

There is not, they say, nor has not been, any danger to the lives of those sojourning there. They are as safe as as they were in Philadelphia. Provisions have been plenty up to this morning. Fresh supplies are expected over the Camden and Atlantic railroad to-day.

LONG BRANCH, Sept. 12.—At Asbury Park the loss was not so severe as it was farther north, but the story of wrecked walks, pavilions and bathing houses comes from all parts of the coast below Ocean Grove as far as Seaside Park, in the narrow line of sand that lies between the ocean and Bargetts Bay. A number of dead bodies have been seen floating in the surf. This indicates severe marine disasters.

NEW YORK, Sept. 12.—It is rumored along the East River front this morning that a large sound steam boat has been thrown upon the rocks and partially wrecked near Fort Schuyler, in the sound. Inquiries amoung the steam boat men this morning failed to elicit any positive proof that the rumor is true. If true the steamer is either the Continental or one of the New London boats.

NEW YORK, Sept. 12.—There is but little change in the wind and weather since yesterday. The sea has become a little smoother, but at 10 o'clock this morning the gale seemed to be gaining additional strength and under its influence another high tide is expected to-night.

SALISBURY, Md., Sept. 12.—Reports are just coming in from Wicomico county. They show a great deal of damage. The fruit crop is ruined. All the apples and pears have been blown off the trees, and in many cases the orchards are torn up.

THE LONDON STRIKE.

Cardinal Manning Laboring to Effect a Settlement Between Strikers and Dock Directors.

LONDON, Sept. 12.—The conference between Cardinal Manning and the dock directors, which was announced for yesterday, was held to-day. The directors informed the cardinal that they were unwilling to agree to the compromise proposed by him; that the terms which the dock companies have already conceded go into effect on November 1 instead of January 1, provided the strikers resume work immediately.

The cardinal was successful, however, in persuading the directors to again consider the proposal and to postpone their decision for the present.

After his conference with the directors of the dock companies, Cardinal Manning informed Messrs. Burns and Tillett that although the directors adhered to their point putting the increase of wages into operation on January 1, they were still open to negotiations looking to a compromise.

Cardinal Manning said he was authorized to say to the strikers that if they had any other terms to suggest it was necessary for them to first agree among themselves.

The directors had nothing from the men at present which they considered sufficient to warrant their determination and were firm in their resolve to make no overtures to them. If the leaders would formulate finale proposals they would be presented through Cardinal Manning and the directors would consider them.

Congressman Cox's Funeral.

NEW YORK, Sept. 12—The funeral of S. S. Cox will take place to-morrow morning at the Presbyterian church, Tenth street and University Place.

The following gentlemen have been selected as pall bearers, but several changes in the list may prove necessary: Gen. Sherman, Vice-President Morton, J. T. Agnew, Senator Dawes, Supt. Kimball, Gen. F. A. Walker, Ex-Attorney General Garland, Ex-Gov. Hoadley, Chas. A. Dana and Cockerhill.

Assassinated.

STRAFFORD, Mo., Sept. 12.—Early yesterday morning Mrs. Andy Savage, whose husband was away from home, was called to the door by some unknown man and shot and instantly killed. A neighbor named Davis was arrested for the crime and jailed. He protested his innocence.

CUPID'S CAPERS.

Marriage of Miss Cora Smith and Mr. Wm. Lerch this Evening.

This evening at 7 o'clock at the residence of the bride's parents, Mr. and Mrs. Manning Smith, on East Wayne street, will occur the marriage of Miss Cora Smith, an accomplished young lady to Mr. William M. Lerch, a popular machinist at the Bass works.

The ceremony will be performed by Rev. S. A. Northrop, of the Baptist church, in the presence of a few immediate friends and relatives. The young people will reside in a pleasant home on Harmer street, which is already prepared and furnished for their occupancy. THE SENTINEL extends its congratulations in advance.

FOWLER IS FUNNY.

But Not Funny Enough to Fool Fort Wayne and Her Enterprising Dealers.

Not many days ago a man named E. M. Fowler arrived in the city and registered at the Wayne hotel. He professed to be traveling in the interest of a firm at Bloomington, Ill., who kept noted breeding and sales stables. Mr. Fowler said to a SENTINEL reporter a few days ago that he had procured some valuable Norman horses from Northern Indiana, which he would ship to his firm.

The horses failed to materialize and Fowler himself is conspicuous for his absence. A prominent business man, who had dealings with Fowler, has telegraphed to Chicago where he is stopping and the detectives are advised to cause his arrest and fetch him back to the Summit City, where he will be given a dose of justice from a Hoosier standpoint.

THE FIRST STEP.

The County Commissioners Locate the Site for the Addition to the County Asylum To-day.

To-day the county commissioners were driven to the county asylum where Supt. John Wilkinson showed the board what a desperate condition matters had grown to, owing to the crowded condition of the insane wards.

As he stated in his petition to the commissioners, Mr. Wilkinson has crowded something over forty insane patients into a space set out for half that number.

Commissioner Brannan is in favor of a new building at once.

Commissioner Bullerman is in favor of taking time to advertise and cover other technical points and build in the spring.

Commissioner Hartman is on the fence and wants to consider. Mr. Hartman is chairman of the board.

The site for the new building, however, was selected and will be located north of the asylum, adjoining. It will be a brick structure 40x160 feet, two stories high, and will afford sufficient relief for the insane.

THE SALUTE.

An Auspicious Beginning of the Library Hall Fair To-night—A Street Parade.

To-night will be inaugurated the third annual Library hall fair.

Judging from the tireless energy of its promoters, the event ought to be a crowning success over the previous occasions of the kind held at the magnificent hall, as there are features introduced, not only of an unusual nature, but entirely original in the city.

The fair will be opened to-night amid music and gaiety. There will be a parade previous to the opening, which will be participated in by the various Catholic societies, of which Capt. J. H. Rohan will act as chief marshal, with Messrs. Jacob Baltes and Dennis Monahan as aids. THE SENTINEL published the full particulars of the order of procession and line of march yesterday. There have no changes.

The City band will furnish the music each night, while the renowned Mandolin orchestra, of Chicago, will discourse upon the inside.

The City and First Regiment bands will be in the procession to-night, and will proceed with the societies to the city hall, where the mayor and common council will be met and escorted to the Library hall.

Senator Spooner Ill.

HUDSON, Wis., Sept. 12.—Senator John C. Spooner, who with his family, has been several weeks at his old home in this city, is quite ill of a low malarial fever. Since Friday of last week he has been confined to his bed and though he is now better and slowly mending, it is likely to be several weeks before he regains his usual health.

IN A DRENCHING RAIN!

The Heroes of Gettysburg Assemble on the Historic Battle Field to Celebrate the Greatest Victory of the War.

GETTYSBURG, Pa., Sept. 12.—To day was the last of the Pennsylvania's days on this historic battle field, and a more wretched one could scarcely be conceived.

The rain poured down continuously from 10 o'clock. Thousands of people left town last night and this morning. The parade, in which 10,000 veterans, it was believed, would participate, only mustered about half the number. The rain at the hour of assembling was coming down in perfect torrents, and Colonel Bomilus, the officer in command, ordered the parade off.

Exercises were held at the rink this afternoon. The building will only accommodate 1,500, and a crush was the result. Colonel George G. Meade, the son of Major General Meade, presided at the dedicatory exercises, and the Rev. John R. Paxton offered the opening prayer.

The speakers included Gen. J. P. S. Gavin, of the Monument commission; Gen. James A. Beaver, Isaac R. Pennypacker, Capt. James G. Rosengarten, Brig. Gen. Henry H. Bingham and the Hon. Edward McPherson.

Many of the veteran associations who yesterday postponed the monument dedications to this morning were compelled to endure a worse state of affairs to-day as the ceremonies were performed under a drenching rain.

SHE WILL REFORM.

Young Debra Bowers Will Go to the the Reform School for Committing a Theft.

To-day Debra Bowers was bound over to the circuit court in the sum of $200 by 'Squire France, for the theft of a dress from the residence of Mr. and Mrs. A. H. Huston, on West Washington street.

Prosecutor Robinson at once filed information and the case was taken before Judge O'Rourke, who will sentence the girl to the female reformatory until her behavior will warrant her dismissal.

The girl was a domestic for Mr. and Mrs. Huston. She is a vicious case. Her parents are divorced and her mother married Isaac Nesbit, of this city.

Debra says she will reform.

Drowned While Fishing.

CANTON, Ill., Sept. 12.—T. P. Gilwicks, grand keeper of records and seals of the Grand Lodge of Knights of Pythias, of Missouri, and Paul Pittman, deputy circuit clerk of Mason county, Ills., were drowned at the Copperas Creek look on the Illinois river, ten miles southeast of this city, Tuesday evening. They were fishing and their boat upset.

Uprooted Trees.

VICTORIA, B. C., Sept. 12.—A whirlpool at Lulu Island, B. C., Tuesday, devasted the whole country through which it passed, uprooting gigantic trees and leaving the thickly wooded surface as bare as a board. As far as can be ascertained at present, no lives were lost, though several homesteads were taken down with terrible fury four and five miles away.

THE COMMON COUNCIL.

City Attorney Colerick's Opinion as to the Validity of Mr. Bruns' Seat—Contracts and Bonds, Etc.

REPORT OF CITY ATTORNEY.

I respectfully report:

1. In answer to the question submitted to me by resolution introduced by Councilman Hafner as to what particular officer or officers are chargeable, with the duty of enforcing the city law regulating the width of wagon tires used upon the public streets, I report that the city marshal, chief of police and patrolmen are employed simply to see that the state and city laws are enforced. No other duties are placed upon them. I, therefore, believe it is the duty of the chief of police and city marshal to see that said law is enforced. It is the duty of all city officers cognizant of the violation of city ordinances to report the violators for prosecution. The marshal and day police being on duty during the night hours they are peculiarly fitted to enforce the above law and should do so.

2. William Fleming and others have brought suit to enjoin the construction of the sewer made against their property by reason of the improvement of West Wayne street with asphalt pavement. The only question before the jury in the case will be whether or not the sewer is necessary for the proper drainage of the street. If it is necessary for the proper drainage of the street, then the property owners have no right to enjoin the construction of the sewer, and the jury will find for the defendant. If the sewer is not necessary for the proper drainage of the street, then the property owners have the right to enjoin the construction of the sewer, and the jury will find for the plaintiffs.

3. I have examined with great care and report with some hesitation my opinion on the questions embraced in the resolution introduced by Councilman Hafner relating to the legal status of Mr. Bruns' ward. The question is in

There is nothing its equal for relieving the SORENESS, ITCHING or BURNING, reducing the INFLAMMATION, taking out REDNESS, and quickly bringing the skin to its natural color.

THE RAILROAD BUDGET.

Local News as Gathered Around the Busy Centers of the City.

Superintendent P. S. O'Rourke, of the Grand Rapids, has returned from Petoskey.

Joe White, the blacksmith at the east yards, has purchased a home out near the yards.

Gus Dierkis, of the Olds Wagon works, has returned from a month's visit at Chicago.

The Nickel Plate collision yesterday was a costly one. The damage is placed at $50,000.

The Pennsylvania road has put on a fast freight train to run between Chicago and Pittsburg.

Clinton Bourie has assumed his duties as clerk at the Pittsburg car shops under Foreman Harrison.

The Wabash division freight agents met in this city this morning at the Railroad Y. M. C. A. rooms.

The Pittsburg road are making arrangements to add extensive additions to their freight house in this city.

The English Lutheran church people had an excursion to Rome City yesterday. There were seventy in the party.

The Grace Reformed church took seventy people to Rome City this morning on their excursion over the Grand Rapids.

Wm. Lerch, machinist at the Bass works, bid farewell to his bachelor friends yesterday and was married today.

Manager Saul, of the Muncie, is giving the road quite a boom in business. Its earnings for the last month were the largest in its history.

Foreman Matsch, at the Bass works, has not yet purchased a dog. He has had a number proferred him, but none of them seem to suit.

The Nickel Plate ticket office at Green Springs was burglarized Sunday night and 110 coupon tickets and a large number of local tickets were stolen.

Clerk Will Noble, of the Bass works, is out again after a two month's illness with the typhoid fever. He will not resume his position for a few weeks yet.

Mr. Scholl, a German farmer, was killed by a Pittsburg train at Wheeler last night. A Nickel Plate train was passing at the time and the old man did not notice the Pittsburg engine.

General Manager Saul, of the Fort Wayne, Cincinnati and Louisville and Whitewater railroads, has issued a circular announcing the retirement of General Superintendent Worthington and the assumption of his duties himself.

The Pittsburg car shops are now engaged in repair work only. Work on the new cars had to be stopped on account of the large number of cars on the road in need of repairs. The Pennsylvania, it is said, have some 1,200 cars to repair.

A meeting of the board of directors of the Pennsylvania Railroad company, was held yesterday at Philadelphia, and resolutions eulogistic of the late Wm. Thaw, a member of the board, were adopted. The vacancy caused by Mr. Thaw's death was not filled.

The Lake Shore road has just placed a contract with the Indianapolis car works for 800 coal cars, October delivery, and with the Lafayette car works for the same number, November delivery; and the company is in the market for 800 more coal cars, 800 gondola cars and 200 box cars, all of which contracts will be let this week.

President and General Manager Alvin W. Manvel has taken possession of the Atchison, Topeka and Santa Fe system, succeeding President Strong. President Manvel will cut severely from the start, and every man who is not an absolute necessity to the road will be discharged. This will affect some of the higher officials, many of whom have been upon the anxious seat for some weeks past.

All the machinists of the United States are to form a National union for the mutual protection of its members against the employers. The movement has been originated in New York City, and Mr. F. Keller, the Secretary of an organization of that city called the United Machinists, has sent circulars to all the smaller unions asking them to send delegates to a convention which is to be held in New York City in October.

The action taken by the Monon, Pennsylvania and the Big Four at their meeting in Cincinnati, on Monday, as regards one thousand mile tickets, is an excellent stepping stone toward making two cents a mile the rate between all points. The terms of the settlement between the Pennsylvania company and the Monon were: First, that the sale of 1,000-mile tickets at 2 cents per mile should be at once discontinued, and a new 1,000-mile ticket, at 2½ cents per mile, be issued in its stead, this latter ticket to be good for the bearer, and transferable. The Pennsylvania would not settle on any other conditions, although the Monon thought the discontinuance of the present mileage ticket would be a great inconvenience to commercial travelers; still, it was conceded by all that the present mileage book is susceptible of scalping, and in consequence a demoralizer.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

It is rumored that Chauncey M. Depew has invited Gladstone to visit this country and to make a trip to Alaska, and that there is some prospect of his acceptance.

What Druggists Say.

Office of BASSETT & L'HOMMEDIEU, Wholesale and Retail Druggists. J. M. LOOSE SON & BROTHER CO.—Gentlemen: Yours of the 25th inst. received. In reply would say that your LOOSE'S EXTRACT RED CLOVER BLOSSOMS is meeting with a large and rapidly increasing sale with us and that it gives excellent satisfaction. We think it will take the lead for the cure of blood diseases, especially those of a cancerous nature. Yours truly, BASSETT & L'HOMMEDIEU.

The chasuble worn by Thomas Ewing Sherman in celebrating his first mass was made of the wedding dress of his sister.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

The Rev. Dr. Edward Everett Hale says that when he was a college student he and his chum took the first daguerreotype picture ever made in Boston.

A "Put and Call."

This is a funny phrase to the uninitiated, but all the brokers understand it. They use it when a person gives a certain per cent. for the option of buying or selling stock on a fixed day, at a price stated on the day the option is given. It is often a serious operation to the dealer, but there is a more serious "put and call" than this: when you are "put" to bed with a severe cold and your friends "call" a physician. Avoid all this by keeping in the house Dr. Pierce's Golden Medical Discovery. The great cure for pulmonary and blood diseases. Its action is marvelous. It cures the most cough, whether acute, lingering, or chronic. For weak lungs, spitting of blood, short breath, consumption, night sweats, and kindred affections, it surpasses all other medicines.

The report of the Indiana weather service shows that during last week every section of the state was visited by good rains. In August the lack of moisture had endangered the corn and other crops, but the reports of observers from counties north, south, east and west indicate that the rains came in time to remove the danger and assure big yields. The ground is softened so that plowing for wheat goes on briskly and pleasantly, and as a consequence the wheat sowing will probably be done early, thus taking the first step toward a good wheat yield next season.

NO TRUTH IN IT.

The Published Statement of the Elopement of Miss Grace Moore, of Youngstown, Denied.

The following special to the Cleveland *Leader*, dated Youngstown, Ohio, September 10, concerning the young lady, Grace Moore, who was arrested in this city last summer, at the Diamond hotel, with a traveling photographer named Wm. Nicholas, and whose escapades were recounted in THE SENTINEL at the time, will interest our readers:

"The special sent out from Fort Wayne last night regarding Miss Grace Moore, is denounced by her relatives as false, and calculated to do her an injustice. Since Miss Moore came back here with her father three months ago, from Fort Wayne, she has been living quietly at home. Recently she secured an offer of employment in Chicago and left last Friday to accept it. A letter was received from her this morning postmarked Chicago, announcing her safe arrival there, and stating that she had entered upon her duties. Miss Moore left with the consent of her parents, and said that it was her intention to lead a blameless life, and by no act of hers to cause further trouble to her parents. Mr. Moore, her father, has not been absent from the city for several weeks, and the published report that he had found her at Winchester, Ind., and compelled her to return home the second time, has not the slightest foundation."
